Returned with compliments

It is observed that the Circulars issued by the Census Commissioner of India are found on the file. It is difficult for me to get an accurate picture of the case on the basis of the file now sent for perusal & return. I have however obtained some Circulars myself from Delhi & have this day separately taken action to issue needful instructions re House Numbering.

It appears necessary that in future, copies of Circulars received from Delhi are sent immediately for my information & facilitate prompt action being taken.

This is one of the reasons why I requested Government to permit me to have direct correspondence with the Census Commissioner of India otherwise, delays are inevitable with consequences to quick despatch of work.

The correspondence is returned herewith for reference

No. 485/10-48 Census.
GOVERNMENT OF INDIA
MINISTRY OF HOME AFFAIRS.

Dated New Delhi, the 21st ~~1st~~ October 1948.

From

M. V.M. Yeatts, Esq., C.S.I., C.I.E., I.C.S.,
Census Commissioner for India.

To

The Chief Secretar
Government of Mysore, BANGALORE.

Sir,

I have noticed some uncertainties regarding the implications of housenumbering and of so called houselists.

2. On the latter point:

I do not propose to prescribe a form of house list.

The basic essential is that every house should be numbered and that the Collector, Tehsildar etc. should know how many houses there are in his area. See for example paragraphs 5 and 7 of my letter No. Y/4 of 22nd January 1948.

3. On housenumbering I quote from a letter sent to the Central Provinces:

" The essential elements of housenumbering lies in identifying each house by a number. The essential permanence is in the fact of this allocation and in the consciousness of the householder that he has a number which he must remember and use. The method of applying the number is a quite different issue and at the outset the simplest procedure is indicated."

Yours faithfully,

M Yeatts

SECRETARY 73 22 NOV 1948 Edu Secy to G/C GOVT. OF MYSORE

NEW DELHI-3: the 18th November 1948

Subject:- 1951 census.

Sir,

With my letter No. 129/5-48 dated the 27th May 1948 I sent to all Provincial Governments etc.. a copy of a village map used in the 1941 census showing the location of streets and dwellings. The Madras Government has in connection with house-numbering prepared a useful sketch plan giving in compact form the street and house lay out.

That government was good enough to let me have spare copies of its orders and I enclose one which you may find useful as well as interesting.

OFFICE OF THE MINISTER FOR SELF-GOVERNMENT. No. 2825 Date: 1.12.48

Yours faithfully,

M Yeatts.

(M. W. M. Yeatts)
